

NY UA Intergroup

What Is Intergroup?

Intergroup is the glue that binds the UA fellowship together in the local area. We keep the meeting lists updated, and we design workshops and share-a-days. We help distribute literature and other program materials. We work with the national committees on key initiatives. Most importantly, we help attract newcomers to meetings with flyers and announcements.

Mission Statement

"We promote the common welfare of all group members in Underearners Anonymous in the Tri-State area.

"Our actions aim to provide support by coordinating the exchange of information and resources with groups and with the UA General Service Board, and to inspire fellowship among our members through the planning of events.

"We are dedicated to work in a spirit of cooperation, mutual respect and consideration of all ideas presented to support unity and recovery. All are welcome to participate in our meetings."
